

# KRONOS Sound Libraries KRS Professional Sounds

**KRS 08**

**BEST OF TRITON**  
MUSIC WORKSTATION/SAMPLER

**KRONOS**

## Owner's Manual

**KORG**

## **KRS 08** Best of TRITON

For more than 30 years, Korg has produced powerful, award winning music workstations that have changed the face of modern music. The M1, Triton and Kronos are all legendary music workstations that have been loved and used by musicians all around the world. By combining high quality sounds, with effect processing, sequencing, and digital recording into a single instrument, Korg helped to make the creative process more intuitive and simplified and remain committed to further evolving music workstations by continuing to adding and refined both current and new technologies.

Looking to the past, present and future Korg's KRS-08 "Best of TRITON" sound bank provides 128 converted TRITON programs, with KARMA + Drum Track assignments for the KRONOS.

Contents: 128 Programs

Note: Although great care has been taken to reproduce the original TRITON sounds, due to the differences between the KRONOS KARMA assignments and TRITON Arp assignments , some "TRITON" Programs differ slightly from the original versions.

KRS-08 requires KRONOS software version 3.0.4. Version 3.0.4 is a free update, and can be downloaded from

<https://www.korg.com/us/support/download/product/0/424/>

## **Transferring the sounds from your computer**

After downloading the sounds:

### **1. Un-zip the downloaded file.**

The unzipped folder contains the KRS-08.PCG files and Manuals.

- KRS-08 folder
  - KRS-08.PCG
- K2\_KRS-08 folder
  - KRS-08.PCG
- Manuals folder
  - KRS-08\_OM\_E1.PDF
  - KRS-08\_OM\_J1.PDF

### **2. Save the .PCG file to a USB hard drive or USB flash media.**

### **3. Connect the USB storage device to the KRONOS.**

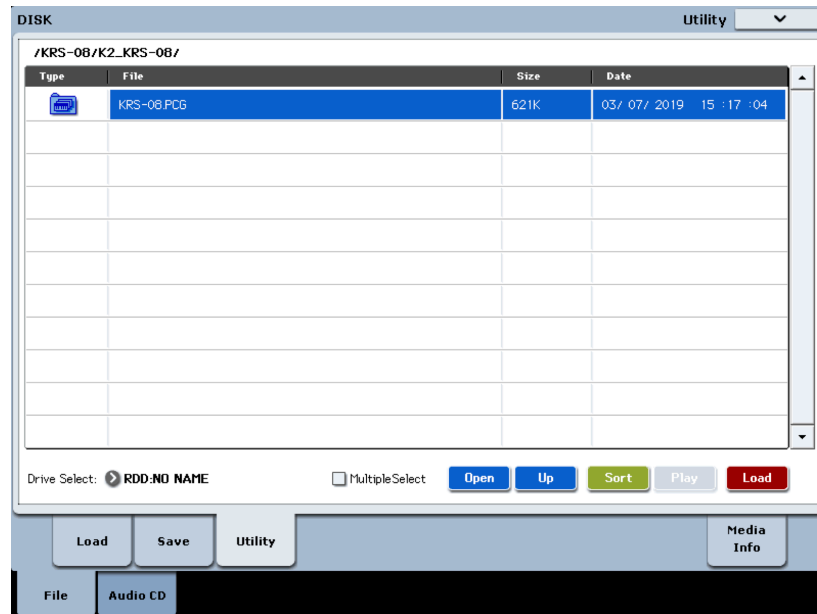

### **4. Press the DISK button to enter Disk mode.**

Wait a few seconds to allow the USB storage device to be recognized.

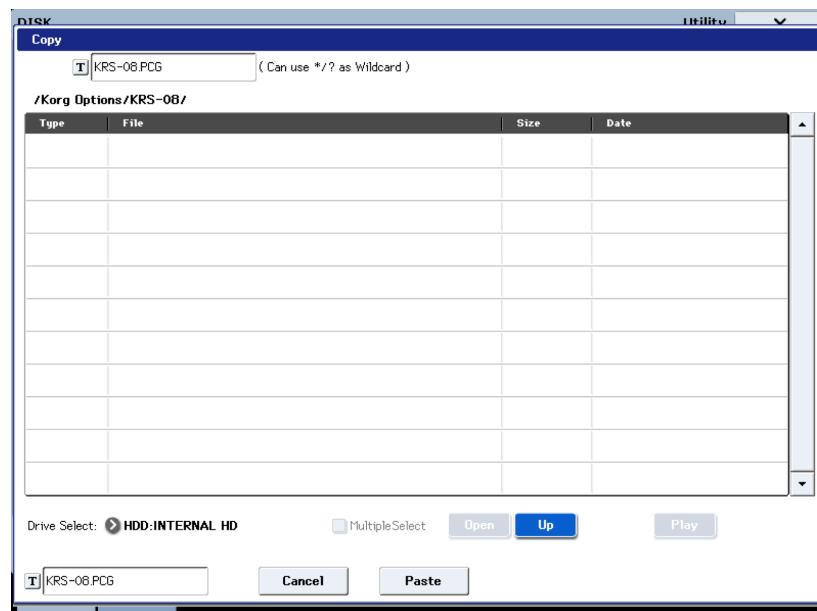

5. Use Drive Select to select the USB storage device.
6. Go to the Disk Utility page.
7. Use the Copy menu command to copy the .PCG file to the KRONOS internal disk.

In the Copy dialog, set Drive Select to HDD: INTERNAL HD, navigate to the desired location for the files, and then press the Paste button.

*Select the PCG file on the USB storage device*

*Copy it to the internal disk*

## Loading the sounds into internal memory

-  Before loading, make sure to back up important data onto the internal disk or a USB storage device. When you load the PCG file into a Program bank in memory, data previously stored in that bank will be overwritten.

By default, the Programs will load into bank USER-G. You can also load them into any other Program bank, if you prefer.

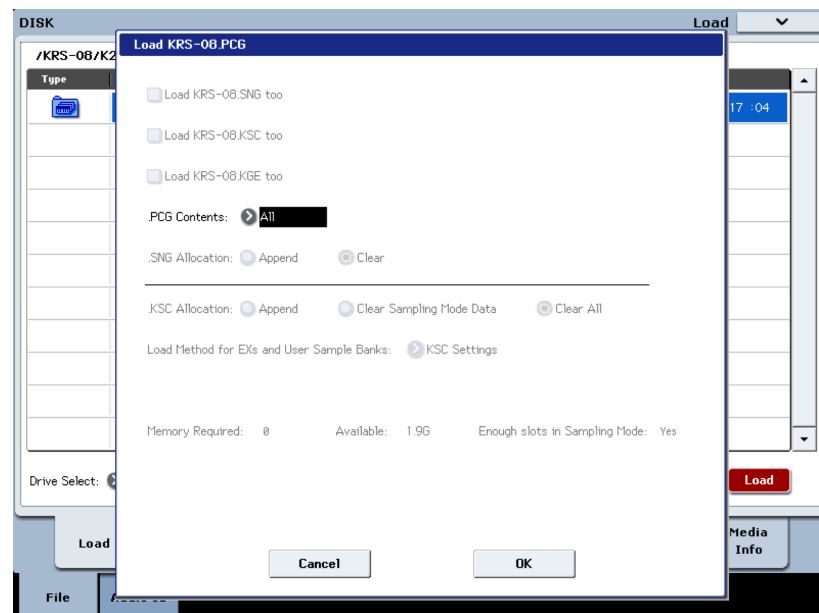

### Loading the Programs into the default bank

To load the Programs into USER-G, the default bank:

1. Go to the Disk Load page.
2. Select the KRS-08.PCG file.
3. Press the Load button.

A dialog box appears.

4. Leave the .PCG Contents menu set to All.

5. Press OK.

The Programs will be loaded into Program bank USER-G.

## Loading the Programs into a different Bank

To load the Programs into any other bank:

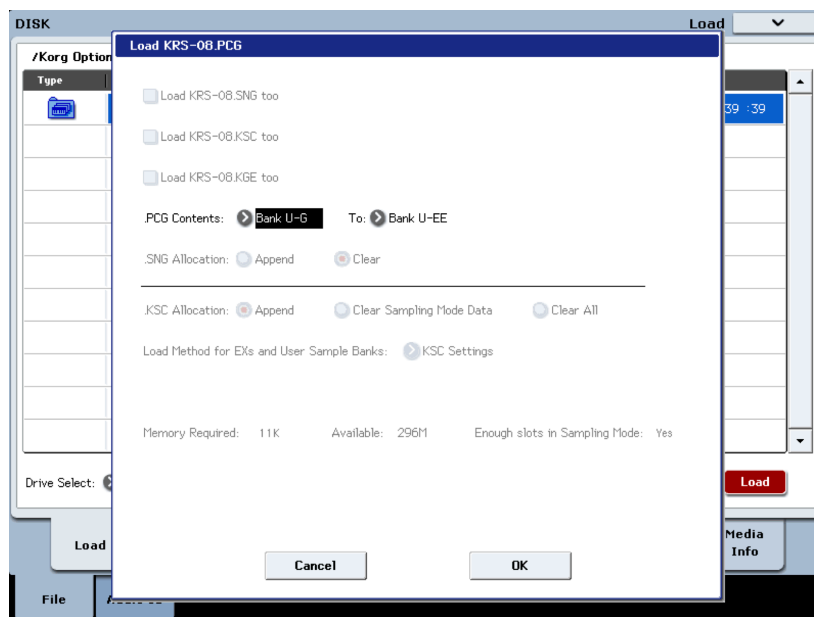

1. Go to the Disk Load page.
2. Select the KRS-08.PCG file.
3. Press the Load button.

A dialog box appears.

4. Set the .PCG Contents parameter to Bank U-G.

To the right of this parameter, the To parameter will appear.

5. In the To parameter, select the bank to overwrite.

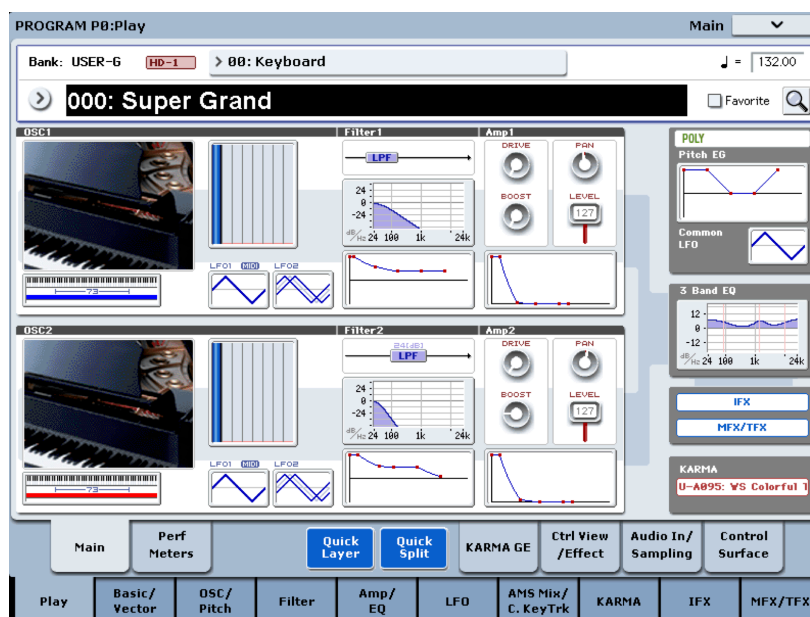

6. Press OK.

The Programs will be loaded into the selected bank.

## Selecting the new sounds

### Programs

1. Press the PROG button to enter Program Mode.
2. Press the Bank U-G button to select the new bank of Programs.  
Alternatively, if you loaded into a different bank, press the appropriate Bank button.
3. Use the VALUE inc/dec buttons, the VALUE dial, or the on-screen Program Select popup to browse through the new sounds.

## KRS-08 Programs require the factory preload sounds

The KRS-08 Programs use Drum Programs and Drum Kits from the factory preload. If the factory banks have been changed, or are not loaded, then the Programs will not sound correctly. If necessary, please first back up your current sounds, and then re-load the factory sounds. The factory sounds are stored in the files named PRELOAD.PCG and PRELOAD.KSC in the FACTORY folder on the internal disk.

## Support

If you have any questions about the KRONOS Sound Libraries, please contact your national Korg distributor.

You can find contact information for all Korg distributors, world-wide, on the Korg website: <https://www.korg.com/us/corporate/distributors/>
